Mysterious maths

Crack the code to solve the last sum...

$$\text{skull} + \text{skull} + \text{skull} = 3$$

$$\text{skull} + \text{jack-o-lantern} + \text{jack-o-lantern} = 13$$

$$\text{jack-o-lantern} + \text{witch hat} + \text{witch hat} = 10$$

$$\text{jack-o-lantern} + \text{witch hat} + \text{skull} = \square$$

Lets make witches broth *Ask an adult to help

What you'll need for a Spooktacular Soup:

- Cauldron (or a pot)
- Unicorn tears (SPAR Vegetable soup 400ml tub)
- Frogs eyes (Frozen peas 50g)
- Zombie teeth (Sweetcorn 50g)
- Dragon scales (Sliced carrot 50g)
- Bat bones (Fusilli pasta 100g)
- Scarecrows arm (bread roll)

Method:

- Pour the unicorn tears into the cauldron, add the frogs eyes, zombie teeth and dragon scales. Stir until it's bubbling.
- In a second cauldron, boil the bat bones. Once soft, drain the water and add them to the first cauldron.
- Once everything is bubbling nicely, say these magic words **"Double double toil and trouble. Fire burn and cauldron bubble!"**.
- Now your broth is ready. Tear open the scarecrows arm, add some butter and dig in!
